To Whom It may Concerned

1. Raw material confirmation

We hereby confirm that the raw materials polyester (R-PBT) and polyester (R-PET) used to produce KREX Pinex Filament that we supplied has been audited and found to be in conformity with the

GLOBAL RECYCLED STANDARD 4.0 (GRS 4.0)

Based on the information provided by our supplier;

The R-PBT resin is registered under:

Product Category	Product Details	Material Composition*	Standard (Label Grade)	Facility Number
Processed post-consumer materials (PC0035)	Chips (pellets) (PD0085)	60% Recycled post-consumer polyester (RM0189) + 40% Diol (1,4-Butanediol) (RM0262)	GRS(GRS)	143497, 159567, 159566

The R-PET resin is registered under:

Product Category	Product Details	Material Composition*	Standard (Label Grade)	Facility Number
Processed post-consumer materials (PC0035)	Chips (pellets) (PD0085)	100% Recycled post-consumer polyester (RM0189)	GRS(GRS)	143497, 159567, 159566
